### **FOR IMMEDIATE RELEASE**

Los Angeles, California - HIGHER PURPOSE MEDIA has announced that KINGDOM RACING will be associated with the new film **“SCREAMING HALT”** based on the true story of Indy race car driver Davey Hamilton. “This is an association I have wanted for the film since its inception” said the film’s producer Brad Wilson. “I was aware of their amazing ministry of raising awareness of God’s word through Motorsports which is real out-of the box thinking. It always seemed like the perfect fit” said Wilson.

Houston businessman George Del Canto had the vision to combine his passion for auto racing and his business skills to focus on the Kingdom Racing ministry. “Kingdom Racing exists to make a positive impact on lives” Del Canto said. “Being able to associate our ministry with this exciting film will have world-wide impact in a positive way” he said. Already Davey Hamilton is partnering with the Kingdom Racing team and has participated in Indianapolis 500 races the past three years in a row for KINGDOM RACING generating world-wide awareness.

The film will focus on Davey Hamilton’s amazing story of faith in God and determination after his racing career almost ended on June 9, 2001 following a devastating crash at the Texas Motor Speedway. After 21 operations and two years of rehabilitation Davey has returned to the world of Indy racing.

For the production of **“SCREAMING HALT”** KINGDOM RACING joins Wilson’s new company HIGHER PURPOSE MEDIA in association with POWER IN FAITH which Wilson co founded with Jamie Elliott and Ralph E. Portillo in 2004. POWER IN FAITH has produced numerous faith based and inspirational films since then such as the recent “SET APART” which was released last year by Provident/Sony. In addition they produced the faith based TV drama series “BELIEVERS AMONG US

“Kingdom Racing was founded with the mission of presenting the Gospel through racing. Combining the life-changing story of Davey Hamilton with the solid scripture in an entertaining film presentation makes this idea perfectly aligned with our mission” George Del Canto expressed.

“**SCREAMING HALT**” is expected to go into production later this year.
